SUBJECT: PLACEMENT FILE, ANNE YING SNYDER

To Whom It May Concern:

I have had the privilege of working with Ms. Anne Snyder from July 2006 through June of 2009 as her former principal and supervisor. She currently serves as an upper grade teacher, Lead Math Teacher, and participant in the UCLA Center X Teacher Initiative Inquiry Grant Project Award program, along with other positions of leadership in school councils and programs.

Anne has demonstrated school leadership in a variety of ways. She is both knowledgeable and experienced in writing, organizing, and leading professional development for both staff and parents. She collaborates with educational organizations and institutions, which bring together resources to support the training and development of staff in strategies for differentiation. This collaboration has additionally served to benefit students and the community in which she serves. Anne's experience and expertise to recruit, develop, and nurture student, staff, and community partnerships has most certainly been demonstrated in this venture, as well in her other leadership roles on the School Site Council and as a mentor teacher.

I enthusiastically endorse Ms. Snyder for any position, which would allow her demonstrate her proven ability to involve various stakeholders of an educational organization to improve instruction. Her leadership develops a focus on student achievement that supports the local school to meet and exceed the State's instructional goals and objectives for all children. This leadership ability, coupled with her strong classroom instruction rooted in core standards and instructional programs, would make her an excellent candidate for this coaching position.

Please contact me at (213) 241-2688 for any further information that would support Anne's application.

Sincerely,

Kevin J. Baker, DM
